

UGANDA AYA YOUTH SURVEY (SCHOOLS)

INDIVIDUAL LIST OF QUESTIONS

Primary School Level

Background:

The papers you are going to work from are from the African Youth Alliance, a program, which is supervised by the ministry of Education and Sports. African Youth Alliance carries out activities to improve your **reproductive health**. To do this, each year, questions will be asked of youths like you from selected schools in Uganda. Your school has been selected for this activity. You are blessed. Please support this exercise.

Some questions in these papers are about you as a person, your actions and your health. The information you give us will be kept secret. Your teachers will not see your answers and neither will your parents or classmates. The people who look at the answers want to improve your health. We ask that you **do not put your name on this paper. Please put the Truth. This will help us plan good projects for Uganda. Your answers will not affect your personal life or study.**

Please listen and read carefully. Please tick your answer and do not worry about whether there is a correct answer. There is only one answer per question unless the question specifically reads 'please tick all that apply'.

CONFIDENTIAL

For research Purposes only

Identification

		Code/No.
Region		
District		
Village/town		
School		
Questionnaire serial No.		
Interviewer
